

CONSTRUCTION INSPECTOR

National Fuel is currently seeking a **Construction Inspector** for an outstanding career opportunity. Candidates must be available to work in various locations in the **Northwestern Pennsylvania Area**. As a member of the National Fuel team, you will enjoy an exciting and challenging work environment where top performance is recognized and rewarded.

PRIMARY RESPONSIBILITIES:

Construction Inspectors will inspect all phases of the Supply construction process, including, but not limited to: pipelines, compressor stations, large volume measurement and regulation stations, gas processing and conditioning plants and associated facilities.

Construction Inspectors must demonstrate the ability to:

- Comply with all phases of NFG Supply construction and environmental procedures.
- Maintain an inventory of materials delivered to, and utilized on, the projects.
- Provide detailed daily progress reports.
- Ensure quality assurance and quality control of materials.
- Compile and submit detailed “as built” mapping and records.
- Submit required completion report documentation.

MINIMUM QUALIFICATIONS:

- Relevant field experience is required
- Excellent communication and organizational skills
- The ability to manage/inspect pipeline projects
- A valid driver’s license

PREFERRED QUALIFICATIONS:

- A two-year or four-year degree in welding or a construction related field is preferred

ADDITIONAL DETAILS:

This position involves extensive travel and requires employees to report to various job sites on an as-needed basis to inspect construction projects for an extended period of time. When not needed for construction inspection, employee will be utilized in other varied gas field activities.
